

## Please respond to license requests - I feel like my money has been stolen

Posted by hal\_nesbitt - 2018/03/06 08:24

---

To any mods/admins out there - can you please let us know how to get in touch with the folks responsible for sending licenses? I have purchased the license for my Android device via the site/PayPal and simply received no message with APK or license. I have sent several emails to info@vmlite.com, and got no response whatsoever. What is the deal? Is this a scam, and you guys are just stealing our money?
